

Environmental Policy

GM Floor Screeds Ltd aim is continuing to be environmentally friendly and it is our intention to promote a policy that is focused on our environment. A culture fostered within the company ensures all employees understand they can make a significant contribution individually and alongside the company to be environmentally friendly and green. Therefore GM Floor Screeds Ltd policy is to comply or exceed the requirements of environmental legislation and regulation.

- Review and explore measures for the reduction of volumes of all waste materials generated by the company.
- Explore opportunities for recycling all possible waste materials. Our ultimate aim will be to recycle any waste material that can be recycled.
- Aim to reduce levels of energy consumption by introducing working practices that require computers, lights, photocopiers, printers to be "switched off" when not in use.
- To ensure that heating, lighting and ventilation are used efficiently and effectively.
- Aim to purchase energy efficient products where possible and appropriate.
- Explore whether environmentally friendly products can be purchased when buying any equipment for use within the company.
- Review opportunities and consider implementing measures for the reduction of the use of water.
- Aim to reduce levels of pollution emissions wherever possible.

GM Floor Screeds will ensure that all employees are made aware and have access to a copy of this environmental policy. The company will regularly review the policy to ensure that we are green aware and an environmentally friendly organisation.
